

Cheer Competition Checklist!

What an exciting time, your team is going to a competition! Your squad has minutes to perform the routine which has been carefully choreographed and includes your teams best stunting, tumbling, jumping and dancing to your own custom music. You have worked all year and you have just about 3 minutes to impress the judges enough to win the competition. It's been hard work and your team finally has a chance at the big win. **What do you need?** Here is a list to get you started. This is not an all inclusive list but hopefully will give you a head start so you are not scrambling at the last minute.
