There's no denying that any kind of audition can be stressful. With the right attitude and preparation, you can give a powerhouse performance that the judges will remember. Here's some helpful tips to prepare you for your best performance on audition day.

Arrive to the audition on time! Make sure you come prepared to the tryout with the required paperwork completed and arrive a little early to relieve your nerves. Judges will want to see that you can follow the rules and that you will be committed to the program. During the audition, remember to let your personality shine, hold your head up high, SMILE, and leave it all on the dance floor. Be polite and friendly with other dancers, as they could be your teammates soon. Be confident and show the judges that you're excited to be there and eager to be part of the team. HAVE FUN!! :)

What is an AllStar Dance Team?

Being on an all star dance team is an amazing experience!! There are many differences between school dance teams and all star dance teams. So, what is an all star dance team? This kind of dance team is comprised of dancers from all different schools and dance studios. The main focus of an all star dance team is competition. All star dance teams can compete regionally and nationally. Some competitions will require you to travel. You will have the opportunity to learn choreography, bond with your team and practice technique. AllStar dance team also prepares dancers for the collegiate level.
